

Local News.

Chief Bushyhead is expected home on a visit about the last of this month.

R. M. Swain's advertisement in this issue tells you where to buy good and cheap harness and saddles.

Rev. G. T. Thompson will preach, Sunday morning next, at the schoolhouse near Mr. Edwards' on Pryor's creek.

Rev. J. H. Harwood, D. D., of St. Louis, one of the Trustees of Worcester Academy, was in town a short time Monday.

Col. F. W. Stout arrived from New Mexico, last Friday, and is stopping, with Mrs. Stout, at her mother's, Mrs. R. B. Daniel.

W. L. Green has greatly improved the appearance of the storehouse of Robert Ironside, by the tasty and artistic touch of his paint brush.

It is stated that a new and commodious building will be immediately erected by the Methodists for their already prosperous school at Muscogee, Creek Nation.

Rev. G. T. Thompson, of Tahlequah, will occupy the pulpit of the Presbyterian Church here, Sunday evening, next, and both morning and evening the Sunday following.

Fat Armstrong has purchased a stock of goods from McSpadden at Galesburg, and will establish a trading station seven or eight miles north of Goody's Bluff on the Tahlequah road.

The Presbyterians, we understand, contemplate adding to their cottage system, additional buildings for the accommodation of their flourishing school for the female sex.

The various Sunday schools of Vinita will hold a union picnic to-morrow, (Friday) near Cabin Creek, west of Vinita. The weather proving favorable, a very pleasant time may be safely anticipated by those who may be able to attend it. Children will meet at Presbyterian Church at 8 o'clock A. M.

Mr. E. W. Ratcliffe of Tennessee, Texas, whose wife is a relative of Mrs. Blythe, has been stopping at the "Taco House" for a few days. It is stated that Mr. R. contemplates becoming a resident of the Nation in a short time.

Rev. E. L. Lister, for many years pastor of a Presbyterian church at Sault Ste. Marie, Michigan, stopped for a short time in Vinita, Tuesday, on his return from a visit to Tahlequah and vicinity. He made a pleasant call at this office in company with Rev. G. T. Thompson.

J. B. Bell, Esq., a member of the Cherokee Delegation, arrived from Washington, Saturday a week ago, for the purpose of attending to important business in connection with the Cherokee Delegation in the Indian Territory.

W. E. Haskett returned from Fort Worth, Monday, and reported sale of cattle in Texas low and far between. But few buyers are willing to pay the prices asked, and sellers are holding, with the expectation of realizing advances, even on figures now asked for stock. Mr. H. thinks cattle have been at their highest this year, and looks for a decline in prices soon.

Hardin H. Trott, the 350 pound giant of Vinita, has bought a half interest in the red front drug store, and now the new firm of Frazee & Co., is probably the heaviest drug firm in the West, the aggregate weight amounting, being five hundred and eighty-five pounds. The heaviest gents will proceed to erect new and permanent improvements, and add largely to their stock.

Cases of Life.—As we come to them they are received, borne with and passed over with no more than a thought, if we are in the enjoyment of health, but if suffering with piles, or skin disease of any kind, they magnify a hundred-fold. Mr. Frazee & Co., the druggists, have Dr. Bosanko's Pile Remedy, which is an absolute cure for any affection of this kind, and is sold at 50 cents.

Harrison Williams and Mr. Redmond passed through Vinita, Tuesday, as witnesses before the U. S. District Court at Ft. Smith in the case against Jeff Robinson, charged with the murder of a cattle-buyer named Phipps, near Tahlequah, about twelve years since. It is stated that Robinson surrendered himself for trial. Taylor Paris, charged with being present and aiding in the same offense, was tried and acquitted several years ago.

More race-horses are now reported registered for the June races than have ever before been on the ground at one time, and there will yet be brought here from different points. The track is kept in splendid condition by parties now training, and the new stalls for the accommodation of horses that want the use of the track are pronounced just what is needed. Lovers of the turf here this year will draw a larger crowd than was ever before seen at any race course in the Territory.

The assassination of Mac Scales, the colored barber of Webster's Falls, reported in the Cherokee Advocate of the 9th instant, so far as known, seems to have been a most wicked and cowardly affair. The names of two well-known citizens have been mentioned in connection with it, but as it appears incredible that they should perpetrate a deed so atrocious, we cannot give publicity to the rumor until corroborated by reasonable evidence. The act is deserving of searching and impartial investigation by the authorities of the Nation.

A hurried visit to Tahlequah, last week, impressed us with the fact that quite a spirit of improvement is prevailing there at present. Several new buildings, as heretofore mentioned by our correspondent, have been erected within a short time, and others enlarged or improved. The streets are also receiving attention from the High Sheriff and his state convicts, and, as far as worked upon, show a marked improvement. Taking it all in all, we have never seen the town in so good a condition in its material aspect as at present, and were gratified to learn that such is equally the case with its moral and social condition. May it continue to prosper and enjoy the quiet and comfortable life to which it is entitled, and the center of its educational interests.

Don't forget the Congregational Sunday school concert Friday night.

Muscogee seems to bid fair to become the center of important educational institutions. One more, for its colored people would make the number complete.

Happening to be at Tahlequah, Friday, the Editor accepted an invitation to attend the picnic party of the two high schools, the Baptist school and the primary school of Tahlequah. It was held on a beautiful elevation of land, with the Illinois on one hand and a limpid branch from a spring on the other. We have attended several parties of the kind, but never one that surpassed it. The day was clear and bright, and every circumstance combined to render it delightful and pleasant. The crowning of the high school, by the young men of the high school, the graceful movements around the May pole, the vocal and instrumental music by the schools and the string band of Tahlequah, the drill exercises of the young gentlemen of the high school, the addresses of congratulation, the bountiful repasts served beneath the shady boughs of the trees, surrounded by family and neighborhood groups, and the neat apparel, the happy faces and lithe movements of the children and youth who composed a very large proportion of the 500 persons present, will not be soon forgotten by those who were present. We cannot attempt to give even a partial list of those present, but cannot refrain from naming a few. Messrs. Duncan, Adams, of the Board of Education; Davis and Bates, of the Seminary for Males; Misses Wilson, Archer and Cobb of the Female Seminary; Messrs W. W. Ross and T. M. Walker, superintendents; Rev. Rogers and others of the Baptist University; Rev. Miller of the Presbyterian Church at Tahlequah; D. H. Ross, Editor of the Cherokee Advocate; S. H. Benge of Ft. Gibson, and many others took in the occasion themselves, and aided others in so doing. We repeat, that the occasion was a delightful one, and we cannot do better than wish that those who enjoyed it may be permitted to enjoy many others like it.

Mr. James Cannon lectured, Saturday evening, in the Methodist Church. The attendance, we are informed, was not so large as it should have been. The Editor was absent, but had the pleasure of meeting Mr. C. afterwards at his office, and learned a few items of his checkered career. Mr. C. is the sole male survivor of the massacre at the Alamo of the Texans by the Mexicans, in 1836. He was then six years old. His mother, a sister and his father were killed at the time, but he was captured by the Comanches and held for 7 years. He was afterwards captured by the Mexicans, and in drawing lots for life or death, at Nacoztli, Texas, he drew life, while his companions drew black ones and were killed. He was subsequently a prisoner among the Indians for several years more, and speaks a number of Indian languages, although the deprivations of his childhood prevented him from learning to read and write his mother tongue. He has spent a larger portion, if not all his life, on the plains, with troops and Indians, and possesses much knowledge of the Indians from Mexico to the lakes. It was only recently that he learned of surviving members of the time of the massacre who at an aunt at Port Lacombe, Texas, and thus escaped. Mr. C. has just been to see that sister, Mrs. Carroll, and that aunt, Mrs. Cannon, at Bentonville, Ark. The meeting was a surprise to the sister, and the occasion one of most touching interest. Mr. C. came here, he informed us, with the expectation of meeting Commissioner Price of the Indian Department, but, failing to do so, will probably proceed to Austin, Texas, in the vicinity of which place lie lands granted by the Republic of Texas as bounty to the survivors and descendants of those who perished in the Alamo with David Crockett, Travis and others.

CONVINCING.—The proof of the pudding is not in chewing the strings, but in having an opportunity to test the article direct. M. Frazee the Druggist, has a free trial bottle of Dr. Bosanko's Cough and Lung Syrup for each and every one who is afflicted with Coughs, Colds, Asthma, Consumption or any Lung Affection.

The Baptist University.

Work has been begun on the building for this institution near Muscogee. In a very brief conversation with Prof. Bacone, the principal of the institution, now located at Tahlequah, we learned that excellent stone and clay for brick have been found on the place, near the site of the proposed building. The building will be 100 feet long and three stories high with basement, and will be ready for use in December. One more term of the institution will be taught at Tahlequah, when it will be transferred to Muscogee.

A Family of Giants.

The similarity of dress, and large size of four passengers, Saturday evening, on the evening train of the Mo. Pacific Railway, going north, attracted the attention of passengers who came aboard at Muscogee. During the run from Muscogee to this place we had a very pleasant conversation with one of them, and learned that they were members of the Shields family of Hunt county, Texas, whose names have been heretofore mentioned in the papers of the day. The family of seven sons, all of whom are now living, are all over seven feet in height. The father, J. T. Shields, a native of Georgia, moved to Alabama, where he married a wife, and moved to Texas and settled on a farm, where their sons were born, grew up, and now live. Mr. Shields is over seven feet high, while Mrs. Shields was over six feet. Two of the brothers are twins. They had no sister. Two of them are nearly 7 feet 10 inches in height, while the youngest, 19 years of age, is over seven feet. The average weight is between 250 and 300 pounds, and all are well-proportioned and developed men. Five of them are married to women of ordinary size, and settled on farms in Texas. The four brothers who were on the train were going to Detroit, Cincinnati, Columbus and Pittsburgh, to fill engagements of two weeks each. One or more of them had spent two seasons with Barnum. We found our informant pleasant in intercourse, and all of them quite gentlemanly in manners.

Charley Robinson paid Vinita a flying visit last week, and received a hearty welcome from his friends.

The heavy rains a few days ago did considerable damage to farmers by washing rolling land and overflowing bottoms. We hear of a number who have to replant.

The quarterly meeting held at Tick Eater's, a few miles from Chelsea, on the "Frisco" road, Saturday and Sunday, was largely attended. Rev. Mr. Shepard, Presiding Elder of this district, and several other ministers were present and preached.

Miss L. E. Edmondson of Bedford, Ind., is now in Vinita, visiting her son, A. H. E. Edmondson, agent of the "Frisco R.R." Miss Edmondson is on her way homeward from a visit to a sister residing in Van Buren, Ark.

There is ample authority for stating that the erection of a boarding house in connection with Worcester Academy will be immediately commenced. Funds have been secured for the purpose. The new building will be substantial and commodious, and an important addition to our town and community.

Agent Tufts, it is stated, has just received instructions from the Department of the Interior to notify all persons residing on the right of way reserved for the railroad purposes at this place, to remove themselves and buildings without delay, and if they fail to do so to use the Indian Police to accomplish it. Such persons should immediately comply with the order.

Ridge Paschal, Esq., a Cherokee by descent, and a prominent lawyer and Republican politician of San Antonio, Texas, arrived in Vinita, Tuesday, in company with Mr. Paschal, from St. Louis, and has been stopping at the "Frisco Hotel." Mr. P. contemplates locating in the Nation, where he will be cordially welcomed by those who know him, as his ability and experience in public life will make him an important acquisition to the Territory.

The May term of the Circuit Court for Delaware District was held last week at the new court house in that district by Judge Clark of the Northern Circuit. The docket was unusually large, but only one case of importance was heard, that of Audrain vs. Smith, to try the right to a certain improvement, and which was decided in favor of defendant. An appeal was taken to the Supreme Court by plaintiff. Sheriff Jos. Muskrat is complimented for the admirable order maintained throughout the term of the Court.

The May term of the Circuit Court for Coweeseowee District was opened at the Court House, Monday morning the 11th. G. W. Clark, Judge; Arch McCoy, Clerk; Jesse Cochran, Sheriff; J. M. Keys, Solicitor. The Grand Jury, consisting of Bryant Ward, Tom Hattchett, Joel Bryan, J. Webb Vann and John Seandine, was sworn and charged. The attorneys present were John Grass, L. B. Bell, J. H. Akin, J. M. Bell, J. M. Bryan, R. L. Owen and W. P. Ross. There were fifteen cases on the civil docket, some of which were continued, others dismissed, and the Court was proceeding with others. The criminal docket was disposed of as follows: Cases vs. Jack Jones and R. D. Knight nol. pro. by Solicitor; case against A. J. Norwood continued.

Chelsea News.

Times are good, with fair prospects of better in the near future. There will be some, no doubt, who will be interested in the prosperity of our little town, and to those I will say that our town will soon have a Sunday school. It will be organized next Sabbath in the depot. There will also be a school meeting held, before long, to take steps toward the erection of a school building.

H. Armstrong sold his store to Peter Cook last Saturday.

The farmers all seem to be very busy, from the way they are bringing in their plows to the blacksmith shop.

We need a good drug store and a good doctor here very much. A real, genuine, sober one.

Parties in the mercantile business say that this is the best little trading point they have ever seen. May 12th. MOUNTAINEER.

Trouble Among the Choctaws.

It is stated in a press dispatch from Little Rock, Ark., to the Missouri Republican that the Choctaw militia has been called out and stationed at different places in the Choctaw Nation, in anticipation of an outbreak among a portion of the full-blood Choctaws. The cause of the trouble arises from their dissatisfaction with a law recently enacted by their National Council, removing all the criminals to a consolidated judicial court for trial, and remote from the scenes of their crimes. The reason assigned for this action is the existence of a secret society among this class of Indians, who are sworn to protect one another, and that, in consequence, the administration of justice is difficult, if not impracticable. We have no other information on the subject, but the action of the Choctaw Council strikes us as extraordinary, and we are not surprised to learn that it creates dissatisfaction and meets with stern opposition. It violates the great principle of common-sense and common justice which guarantees to every man accused of crime the right of trial by a jury of his peers, and of the vicinage and places his life and person in jeopardy before a remote jury selected from unsuspected classes. The full-blood Choctaws have been peculiarly noted for the promptness and bravery with which they meet, without compulsion or restraint, the penalties imposed by their laws, even to the extent of laying down their lives. We are not surprised, therefore, that they resist the enforcement of the law, if such as represented. White men would do it, as well as any other race.

A SURE CURE FOR PILES.—The first symptom of piles is an intense itching at night after getting warm. This unpleasant sensation is immediately relieved by an application of Dr. Bosanko's Pile Remedy. Piles in all its forms, Itch, Salt Rheum and Ringworm can be permanently cured by the use of this great remedy. Price 50 cents. Manufactured by Dr. Bosanko Medicine Co., Piquette, O. Sold by M. Frazee & Co.

A Blast From the Bugle of the INDIAN CHIEFTAIN!
The best medium through which to reach the greatest number of people in the Cherokee Nation. They all read the CHIEFTAIN. And hundreds of others, from the black and dreary wastes of Alaska to the beautiful orange groves of Florida, delight in looking at the BRAND ADVERTISEMENTS therein. The covering that kept off the cold blasts of the severe winter just past, is falling from stock as they luxuriate on the tender productions of the beautiful prairies, and brands made by the relentless iron will soon be plain enough to be read by others than the experienced eye-man. SHOW YOUR BRANDS TO THE WORLD, and save trouble in hunting stock.
